

Heartless Queen

[Tess Henley](#)

Lady gets her own way,
No matter what they try to say to her,
You gonna get yours one day,
Yours is a favor that will be returned. Long red nails, ready to claw,
Tight black skirt when she is on the job,
No boundaries for this love outlaw,
A ring just means another heart to rob. (Chorus)
Shes got her spades, clubs,
'Cause shell go down fighting,
And her diamonds,
'Cause thats what keeps her smiling,
But theres one thing,
That leaves her incomplete,
Shes a heartless, heartless, y'all
Heartless queen Girl can blend in any line,
That dont mean she came to lose,
Not the last of human kind, but
Owns the world in those Jimmy Choos. An all too common creature,
Daddy was a preacher,
Frontin' on your man when youre around,
Smiling when she greets ya,
'How very nice to meet ya,'
While she thinks of ways to steal your crown. (Repeat Chorus) (Bridge)
When she comes home,
Theres no one to call her own,
Just dirty sheets from moments too cheap,
Lying alone in her bed,
The thoughts in her head,
Will they ever cause her to lose sleep? Hey,
Oh, no, do do do do do do,
Oh no no no, do do do do do do do,
Oh, no, do do do do do do, Oh, no, do do do do do do do,
Oh no no no, do do do do do do do,
Oh, no, do do do do do do,
Heartless queen.
