

Let Me Take You for a Ride

[Joey McIntyre](#)

Let me take you for a ride
We can do just what you like
I want you seated by my side
Let me take you for a ride Hey cutie, what's your name?
You're all alone and it's a shame, it's a shame
What's wrong? You look so sad
I got a plan to take your blues away, take them all away Don't you think it's time
For you to be good to you
So come along with me and ride
'Cause everything's gonna be all right So let me take you for a ride
We can do just what you like
I want you seated by my side
Let me take you for a ride So baby, take my hand
You gotta know that I will understand, baby, I'm your man
Just put your trust in me
Relax and don't you try to shy away, girl, let's fly away Don't you think it's time
For you to be good to you
So come along with me and ride
'Cause everything's gonna be all right So let me take you for a ride
We can do just what you like
I want you seated by my side
Let me take you for a ride Where do you wanna go?
What do you wanna see? It's all up to you
Come take a ride with Joe
Be who you wanna be and your dreams'll come true Let me take you for a ride
We can do just what you like
I want you seated by my side
Let me take you for a ride Let me take you for a ride
We can do just what you like
I want you seated by my side
Let me take you for a ride Let me take you for a ride
We can do just what you like
