

Parasites

Young Slay

Intro

You got to keep an eye on these parasites.
You give 'em an inch, they gon' take a mile
They gon' keep on sucking, sucking (sucking, sucking) Verse 1
Ugh, always bold when I tell it
My story always stay the same when I tell it
I keep it real so I sell it
People get addicted like its f***** narcotics
Unexpectedly I drop it
Scorching hot, you need oven gloves to hold it
Ugh, I'm underground like Harriet
I'm breaking chains like there is no barrier
I'm independent and I love it
Cut the check the way I want or you can shove it
What you mean I got an attitude?
Before you talk to me, get on my latitude
I decapitated the master
Apparently, I ain't too fond of servitude
So don't be asking me for favors
Freeloading parasites
Cause I don't owe you nothing (Owe you nothing, nothing, nothing)
Freeloading parasites
Cause I don't owe you nothing (Owe you nothing, nothing, nothing). Hook
Hmm-hmm, (I don't owe you nothing)
You got to keep an eye on these parasites.
You give 'em an inch, they gon' take a mile
They gon' keep on sucking, sucking (sucking, sucking)

They gon' keep on sucking, sucking (sucking, sucking) Verse 2
Ugh, always bold when I tell it
My story always stay the same when I tell it
I remember days man I had some songs
Couldn't afford to hit the studio
I remember my first video
Dude tax a brother like I had a millie-yo
I learned quick I said "f*ck it"
Invested in myself, now I do it myself.
The street is mean, boy you ain't know

They'll stomp a brother even while you on da flow
But I can't act like I don't know
When I blow up they won't like me no more
You were bragging 'bout money and
I was trynna make ends meet man
So don't be asking me for favors
Freeloading parasites
Cause I don't owe you nothing (Owe you nothing, nothing, nothing)

Ugh, always bold when I tell it
My story always stay the same when I tell it
When I was a little boy I had a dream
But it was nothing like Doctor King's
I was a host to many parasites
They sucked me dry, left me to die
Hell, They even feast on my feces
You f*** right I'm a dominant species
Now, I'm grown its like a dÃ©jÃ© vu
They stand a single file for my residue
I paid my dues, did what I had to do
Motherf*ckers got the nerves to say I'm Hollywood!!!
On the real homie where were you?
When I was dead broke going through the struggle?
So don't be askin me for favors
Freeloading parasites
Cause I don't owe you nothing (Owe you nothing, nothing, nothing)
Freeloading parasites
Cause I don't owe you nothing.
