

# Life Burns! (OST Burnout: Revenge )

## Apocalyptica

We break our enemies with fear, and  
We've seen how the tears come around  
We built our confidence on wasteland  
We've seen how the walls come downLife burnsA man dies like a butterfly  
Life burns from the touch of the reaper  
All things must pass  
One love is a crooked lie  
The world lies in the hands of evil  
We pray it would lastLife burnsWe have no sympathy for the lost souls  
We've chosen the path of disgrace  
We give this life to our children  
And teach them to hate this placeA man dies like a butterfly  
Life burns from the touch of the reaper  
All things must pass  
One love is a crooked lie  
The world lies in the hands of evil  
We pray it would lastA man dies like a butterfly  
Life burns from the touch of the reaper  
One love is a crooked lie  
The world lies in the hands of evilMan dies like a butterfly  
Life burns from the touch of the reaper  
All things must pass  
One love is a crooked lie  
The world lies in the hands of evil  
We pray it would lastMan dies like a butterfly  
Life burns from the touch of the reaper  
All things must pass  
One love is a crooked lie  
The world lies in the hands of evil  
We pray it would lastLife burns  
Life burns  
Life burns
