

Jesus Loves You

Stellar Kart

Tell me what do you believe in?
Does your life have rhyme or reason?
Something in your heart that makes you care I hope that you don't mind me asking
But I have got a burning passion
I need to know forever you'll be there I can't make it clearer, put it any other way
If you can't see the simple truth I do
Then there's nothing in this world that's left to say
But Jesus loves you I know I don't have all the answers
And I have wasted many chances
To prove to you a faith that lives inside I'm praying there will be a breakthrough
'Cause I can't be the one to save you
God knows how many times I've tried I can't make it clearer, put it any other way
If you can't see the simple truth I do
Then there's nothing in this world that's left to say
But Jesus loves you I can't explain, I can't deny
So many times for you I've cried
And to see you on your knees tonight I can't make it clearer, put it any other way
To know you know the simple truth I do
To know that your forever has been changed
'Cause Jesus loves you Jesus loves you
Jesus loves you
