Sunset Station

Jorn

[Jorn Lande/Tore Moren]Well, I got time on my side as I roll the dice
There is something out there waiting for me
And I see roads without signs that can lead you blind
And the lonely way is easy to takeHold on - hold on tighter
It's a long way to where I'm goingMeet me in a seventh sky
See me at the sunset station
Above the twilight I'll be flying there
It's just the state I'm in
Can't keep myself from dreaming
Won't stop believing I'll be flying there
Somewhere in a seventh skyAnd as our life is told and we're growing old
Collecting pieces of the dreams we've been chasing
Brothers ans sisters of sin
Who's gonna loose and who's gonna win
Need a crystal ball to show me the wayMove on - move on faster
It's a long way to where I'm goingMeet me in a seventh sky
See me at the sunset station
Above the twilight I'll be flying there
It's just the state I'm in
Can't keep myself from dreaming
Within the starlight I'll be flying thereMeet me in a seventh sky
See me at the sunset station
Above the twilight I'll be flying there
It's just the state I'm in
Won't stop believing
Can't keep myself from dreamingMeet me in a seventh sky
See me at the sunset station
Above the twilight I'll be flying there
It's just the state I'm in
Won't stop believing
Can't keep myself from dreaming
I got time on my side
Within the starlight I'll be flying there
Somewhere in a seventh sky
