

Get up and Dance (feat. Achi)

Antonia

When I see the way you dance
I'm only praying for a chance
To get to know you you you
I fell in love with you you you
Please don't keep me on hold
Your love precious like gold
Yeah, the rumour is true true true
Boy, I fell in love with you you you[Achi:]
I know you really want to party
'Cause girl, you're looking naughty
You gotta give me a chance
You gotta get up and dance
Get up, get up and dance
I know you really want to party
'Cause girl, you're looking naughty
Get up, get up and dance!
Get up, get up and dance![Beat drops]When I look into your eyes
I see you are like other guys
Do the things you do do do do
They all want to be like you you you you
I can see it from a mile
You're never going out of style
I know what they say it's true true true
I fell in love with you you you[Achi:]
I know you really want to party
'Cause girl, you're looking naughty
You gotta give me a chance
You gotta get up and dance
Get up, get up and dance
I know you really want to party
'Cause girl, you're looking naughty
Get up, get up and dance!
Get up, get up and dance![Beat drops]You make me feel alright,
Love rushes through my body
Not gonna give you up,
I'm gonna keep this up all night
Alright!
I feel I'm getting close
There's no way to let you go

Not gonna give you up,
I'm gonna keep this up all night[Achi:]
I know you really want to party
'Cause girl, you're looking naughty
You gotta give me a chance
You gotta get up and dance
Get up, get up and dance
I know you really want to party
'Cause girl, you're looking naughty
Get up, get up and dance!
Get up, get up and dance![Beat drops]
