With a gang of killers, thats just my crew.

Don't mean to be rude thats how i do. (Yeah)

cup held high with a mug so mean.
Tilt to the side cause im sipping that lean.
My swagg so loose, gotta be the goose.
Flashing lights ike a photo shoot.
Now ima do me, you do you.
My wrist so cold, don't catch a flu.
On my flag got red and blue.
Yes i said it red and blue.
If you talking don't waste my time.
Worry bout yours don't worry bout mine.
dropping hits it's in my soul.
Tatted on my chest cause ima zoe.
{check it Woa}
Chorus...

said its tatted on my chest respect my mind.
I spit creole anytime.
In the booth they know i rhyme.
So wit the hood you know i shine.
Sak pase to all my zoes.
What it do to the people i know.
To all my stippers on the pole.
and all my ***** blowing dro.{dro}
let me put u on some game.
Hoes ain't never called no lame.
We seen the worst and felt the pain.
Cloudy weather filled with rain.
United we stand, divided we fall.
They can't break me not at all.
Stack my chips never go broke.
Tatted on my chest cause i'ma zoe !
