

# Pictures and Memories

## Alabama

There's a teardrop falling slowly from my eyes tonight  
As I think of your two arms that used to hold me so very tight  
But you're gone now and girl I'm alone and blue  
With just these pictures and memories of you Pictures and memories of a love warm and true  
Pictures of love we shared and the memories of you  
But your pictures can't heal my chest of this hurt deep inside  
Pictures and memories I feel like crying tonight I may be crazy but you know sometimes I can almost feel your  
touch  
Those who say I should be over you well, I guess they just never loved  
As much I'd put your pictures where I couldn't see them  
But I'd still see them in my mind  
Just like your memories, they're right here with me all the time Pictures and memories of a love warm and true  
Pictures of love we shared and the memories of you  
But your pictures can't heal my chest of this hurt deep inside  
Pictures and memories I feel like crying tonight  
Pictures and memories I feel like dying tonight
