

# Everything in Twos

## The Sidekicks

The glass got broken  
But didn't really spill a sip  
As I stumbled like a word on a cut lip  
Yours weren't a problem  
When you were worried about 'us'  
"Why does the leaving mean you fucked it up?"  
My vision echoed back at you Everything in twos  
You're gonna have to choose  
Everything in twos  
Stuck in that me and you  
Everything is all a number sign  
I can count the ways I don't feel fine  
Scratch my name on your cast with a fountain pen  
You're gonna need it when you break it in the fall  
And what words would you choose to assign to us  
Are you happy to be jealous and young?  
My vision echoed back at you  
My vision's just some teen dude  
Everything in twos  
You're gonna have to choose  
Everything in twos  
Stuck in that me and you  
Everything is all a number sign  
I can count the ways I don't feel fine
