XO (Instrumental)

The Eden Project

She's in love with the concept
As if we're all just how she imagined
Cos we're in love, I just don't know it yet
Well tell me how am I supposed to see the magicCos I don't believe in it no more
But I won't tell her
Cos I always imagined
It's easier if she thinks she won
So I'mma let herAnd she said
I don't think I love you no more
You never seem to call me lately
Girl, I don't think you know me at all
Cos I never thought I'd have to say this
No, I don't love you
And I never did look at us
Burning down in flames for kicks
But just know
I'm not singing for your XO
I'm just singing cos it's overCame and went like the summertime
Was that a sunset or sunrise?
Looking back like where'd the time go
So much for trying to keep this moving slowCos I don't believe in her no more
But I remember
How we talked shit like we knew what we wanted
I still remember what she saidI don't think I love you no more
You never seem to call me lately
Girl, I don't think you know me at all
Cos I never thought I'd have to say this
But I'm no liar and I never hid anything
You should've seen it coming to this
Just know
I'm not singing for an ex though
I'm just singing cos it's over
