

Red Lights

Exiles

I've been walking all night
Searching through the dark night
To find my way to you Underneath the streetlights
Is where i'll run to your side
there's nothing I wouldn't do Cause what i've got you need it
When your heart is beatin'
You know i'm there for you Everything is still
And all that we can hear
is the sound of our hearts beating
Red Lights
We're out of time
The future is unknown
Running down those Red Lights Two reckless hearts beat together in the dark
We're running down those Red Lights Come and catch me baby
I'm falling, don't let me fade away Come and catch a fire
I'm drowning, drowning down in your flame Red Lights
We're out of time
The future is unknown
Running down those Red Lights
Two reckless hearts beat together in the dark
We're running down those Red Lights
Red Lights
We will always be, it's written in our destiny Red Lights
together we'll be free, together you and me Red Lights
