

# In Due Time

## Outkast

Just keep your faith in me, don't act impatiently  
You'll get where you need to be in due time  
Even when things go slow, hold on and don't let go  
I'll give you what I owe in due time  
When that, when that be thinkin' of cruisin' the braves cap is to the side  
Thinkin' the police gon' pull me over with this herb off in my ride  
So I hide the brick of weed under the arm rest, under the leather  
Thinkin' of startin' ways to make my life a little better  
Then the dope peddler never pay no, pay no taxes  
Takin' a chunk up out my check  
And makin' my rhymes just look like practice  
Buyin' clothing, range roving with my folks  
Don't speak about the Dirty South, my crew ain't 'bout no jokes  
I know some people don't like the way we flow because they envy  
They talkin' 'bout they, 'bout they my, my  
And that they could have been me  
You lookin' to be that butterfly without the caterpillar  
Take your time and do it right 'cause you gon make it  
I swear my, swear my or collapse one, falling a victim to your greed boy  
Your looking to be big willie but you're still a seed boy  
The information in my skull be pokin' some of y'all on the shoulder  
But on the other side of the fence  
They gotcha, gotcha breakin' boulders for quick money  
Struggling is just a part of my day  
Many obstacles been placed in my way  
I know the only reason that I make it through  
Is because I never stop believing in you  
Some people wonder why we're here in the first place  
They can't believe because they ain't never seen your face  
But even when you pray, the next day you gotta try  
Can it wait for nobody to come down out the sky  
You've got to realize that the world's a test  
You can only do your best and let him do the rest  
You've got your life, you've got your health  
So quit procrastinating and push it yourself  
  
You've got to realize that the world's a test  
You can only do your best and let him do the rest  
You've got your life, you've got your health

So quit procrastinating  
Just keep your faith in me, don't act impatiently  
You'll get where you need to be in due time  
Even when things go slow, hold on and don't let go  
I'll give you what I owe in due time  
Who said good folks is not supposed to die  
The same, the same that said, that said is not supposed to cry  
United States giving out milk and cheese to pacify  
I'm sure they got a cure for AIDS, but yet it's classified  
You wonder why I spit the truth and not to make no dough  
To make a difference fo' this, up and blow  
In piece, I could think of many reasons  
Only when, only when is going bad you want to holla Jesus  
I pledge allegiance, they got my knuckles bleeding  
From crawling, got these, got those thinkin' they ballin'  
When they isn't, don't take my word  
There's, there's off in prison  
That will tell yo, that's locked up for a long time and won't sell you  
No flex, so congregation will turn you text  
To the book of Outkast, chapter two, verse one  
The first one, that feel me jump up and make a joyful noise  
You're outkastastic, meaning you now have a choice like that  
Just keep your faith in me, don't act impatiently  
You'll get where you need to be in due time  
Even when things go slow, hold on and don't let go  
I'll give you what I owe in due time  
Just keep your faith in me, don't act impatiently  
You'll get where you need to be in due time  
Even when things go slow, hold on and don't let go  
I'll give you what I owe in due time
