

Dream About a Miracle

Mikko Joensuu

Perfect patterns form in the sky
Iâ€™m feeling more than alive
I saw a dream about a miracle

I saw you there all dressed in white
A blissful force glowing inside
And Iâ€™m feeling more than alive

So bring out the best of you
And leave behind the rest of you
Leave behind the rest of you

In my dream about a miracle

I laid down all my thoughts on the ground
One by one for you, to be found
I can see them now

And you stood there looking still alive
An unseen force bursting outside
I am feeling more than alive

So bring out the best of you
And leave behind the rest of you
Leave behind the rest of you

In my dream about a miracle
