## Lali Puna

It's so hot in here  
It's burning outside  
And all your teenage idols  
Have left the building  
Haven't you seen the signs of the time?  
Where do you want to go?  
Where do you want to go now?  
Are you the last to know?  
They've changed your future  
Where do you want to go?  
Where do you want to go now?  
Where do you want to go today?  
It's so hot in here  
It's burning outside  
Everybody's leaving  
Say they will make it on the other side  
Haven't you seen the signs of the time?  
Where do you want to go?  
Where do you want to go now?  
Are you the last to know?  
They've changed your future  
Where do you want to go?  
Where do you want to go now?  
Where do you want to go today?
