

See Me Now

[Ryan Keen](#)

I found I missed all we were
I found I miss all of her
We find strength in being alone
and kept my mind consumed in my work
That way I can keep moving on and not dwell on what's been and gone,
I guess I just suppressed all my thoughts and told myself I had to move on. And sometimes, I break down
I'll lose track thinking of you now.
And somewhere and somehow
I'll move on.
Can you see. Can you see me now
Can you see me now, yeah.
Can you see me now
Can you see me now, yeah. When we met again I changed,
I didn't want to cause you more pain
You brought back how I first felt, made me want to start us again.
But you were holding something back
I could tell by that you'd act.
You wanna tell me but you didn't really dare cause you couldn't really bare to see me react. And sometimes, I
break down
I'll lose track thinking of you now.
And somewhere and somehow
I'll move on.
Can you see. Can you see me now
Can you see me now, yeah. Can you see me now
Can you see me now, yeah.
You unchained my heart then tore it in two
Cried my eyes dry over memories of you
Wish I could lie and just say that we're through
I hate myself more for still loving you.
Knew who you were but I don't know you now
Divided in two and I'm shadowed with doubt.
You told me the truth, you just ripped my heart out.
So I'll leave here alone
See me now, Oh
Can you see me now, can you see me now. Oh Oh
Can you see me now.
