I'm Good (Acoustic)

Bucky Covington

Got my eye on the deacon's daughter
But I'm diesel fuel, and she's holy water
She don't like boys that drink, cuss, and chew
That's why I'm here, Lord, callin' on you[Chorus]
I know I ain't been livin' like I ought to
Lord, I swear that she could make me want to
Maybe askin' you for more than I should
But just give me this girl and I'm goodThat four wheeler would have sure been dandy
A bigger boat would have come in handy
But I'm so glad that you held out on me
'Cause now I see what I really need[Chorus]Yeah, baby
C'mon
Mmm, just one time
C'mon, Lord
Here we go[Chorus x 2]Lord, just give me this girl and I'm good
