Freedom

The Last Resort

All this world seems bent upon
Contemplating Babylon
Fate is sealed inside a bomb
Where has all the freedom goneThere's a place for everyone
Live and die our Kingdom Come
But until the web is spun
Everybody must have funI'm not scared to die - God help me
We went to the same schools and we
All learned the same rules of lament
The knot will never come undoneAccidents show mercy none
There's isn't anywhere to run
The masterpiece is done
The war has won
