

# Cry Wolf

## Stevie Nicks

You couldn't wait for answers  
You just had to try those wings  
And all your happy-ever-afters  
    They didn't mean a thing  
    So I'm not gonna try at all  
    To keep you from the flame  
Just remember not to call my name  
    When you cry wolf  
    Once too often  
    You cry wolf  
No, I won't come knockin'  
    You cry wolf  
I won't hear you anymore  
    If you start to stumble  
    If you start to crack  
    If you're feeling humble  
    Don't look back  
When you cry wolf  
    Once too often  
    You cry wolf  
No, I won't come knockin'  
    You cry wolf  
I won't hear you anymore  
You can try but you can't get me into the fire  
    'Cause I'm all out of sympathy  
And, baby, I can't walk this wire  
    Find yourself somebody new  
    To catch you when you fall  
'Cause I got just one thing to say to you  
    And, baby, that's all  
When you cry wolf  
    Once too often  
    You cry wolf  
No, I won't come knockin'  
    You cry wolf  
I won't hear you  
    You cry wolf  
Well, once too often  
    You cry wolf

No, I won't come knockin'  
    You cry wolf  
    I won't see you  
    So you cry wolf  
    Once too often  
        Cry wolf  
On no, I won't come knockin'  
    If you cry wolf  
    I won't see you  
    'Cause you cried wolf
