Julia

Tony Lucca

Southward-bound beyond the Golden State
Till city lights are all we see
Exit right before we hit the border
Park the car and hide the keys
We walk the sandy stretch and through the dusty gate
Taxis waiting patiently
Five dollar takes you right into the mire
Ten more straight to your fantasyAnd Julia
We were meant to be tonight
Julia
Angels, you and me tonight
Silently, you stand against the wall
You laugh your name and smile for me
See, I can pay for what it takes to keep
All the things you give for freeAnd Julia
We were meant to be tonight
Julia
Come be free with me tonightFree from all the tears that never fall
When all the drunken Johnnys come to call
As daylight breaks and stars forget to shine
I'll caress your face as you wake up to mine
Julia
We were meant to be tonight
Julia
Angels, we will be tonightOut there runnin' free with me tonight
Yes, we were meant to be
Tonight
