# Under Pressure

## Oxymoron

Under PressureI guess you know this state of desperation
when troubles get too much for you again
the least you need is someone provocation
they better fuck off back where they belong[Chorus:]
Fun, fun - this ain no fun
cos I am UNDER PRESSURE
Done, done - I am so done
I in a mess with everyoneYes, I am UNDER PRESSURE
cos I don get along with me nor anyone
Yes, I am UNDER PRESSURE
and filled up with aggression
Leave me alone cos I UNDER PRESSUREI usually mean no harm to anybody
but driven to the wall is another case
if you are bugging me you will be sorry
yeah then youl come to know the other faceI guess you know this state of confusion
when troubles are too much for you again
you run around but find no solution
and pressure slowly eating up your brain
This ain no fun...
