Superhero

Brett Eldredge

See that girl there tapping her toes?
Nervous, crying out "Hallelujah"
She wipes her tears on the sleeve of her coat
Dries her eyes, but spills a cherry colaI bet some guy gave her that frown
I'd love to turn it aroundOh, that girl needs a superhero
Walk up to her, pull her in real close
Her broken heart ain't a thing no more
That girl needs a superhero
It's like her hands are up, out of a smoky window
Saying, "Save me from this burning building"
It's like she's cornered in a darkened alley
Helpless in a world full of villainsShe's tired of running away
Here I come to save the dayOh, that girl needs a superhero
Walk up to her, pull her in real close
Her broken heart ain't a thing no more
That girl needs a superheroThat girl needs a superhero
That girl needs a superhero
Oh, I'm stepping in, I'm stepping in
I'm stepping in
Oh, that girl needs a superhero
Walk up to her, pull her in real close
Her broken heart ain't a thing no more
That girl needs a superhero
That girl needs a superhero
Walk up to her, pull her in real close
Her broken heart ain't a thing no more
That girl needs a superheroThat girl needs a superhero
Everybody needs a superhero
All the world needs a superhero
