

waiting on you

dumblonde

I just lie here waiting on you
and you're late, did you miss your train
I've been up here thinking of you
Saved your plate, but it's gone cold
Wonder if you're traveling with two
Nah, that's crazy, you wouldn't would you
So I'll just lie here waiting on you
Might seem crazy, but that's what I'll do Yes I'm crazy but that's what I'll do
Might seem crazy but that's what I'll do You you you you you you you you
(Oh) Ya that's crazy but that's what I'll do
You you you
I just lie here waiting on you (Oh) It's a half past twelve I just lie here waiting on you
and you're late, did you miss your train
I've been up here thinking of you
Saved your plate, but it's gone cold
Wonder if you're traveling with two
Nah, that's crazy, you wouldn't would you
So I'll just lie here waiting on you
Might seem crazy, but that's what I'll do Yes I'm crazy but that's what I'll do
Might seem crazy but that's what I'll do You you you you you you you you
(Oh) Ya that's crazy but that's what I'll do
You you you you you you you you
(Oh) Ya that's crazy but that's what I'll do
You you you you you you you you
(Oh) Ya that's crazy but that's what I'll do
You you you
I just lie here waiting on you (Oh)
You you you you you you you you
Ya that's crazy but that's what I'll do
You you you
I just lie here waiting on you
