Final Conversation

The Butterfly Effect

So, so tired
So tired of liars
You promised me you'd stay
And never leave again
I will go anywhere now
Anywhere you might have been
So close tonight
Please stay with me
And when it's over let me go
Just stay here with me
Free yourself
And cut away these ties
You can go anywhere now

Be anyone you want to be
So close this time
Please stay with me
And when it's over let me go
Just stay tonight and never leave
'Cause in the morning we're going home
Just stay here
The night could fall all over me
And when it's over just let me go
The night could fall all over me
'Cause in the morning we're going home
Stay with me
