

# Xerces

## Deftones

Universe surrounds, when you're ready  
It waits for us to, to leave this earth  
Come on, they're calling your name outI don't know, I could stay  
Or leave right away  
'Cause the comet can take us  
All the way throughGoodbye, say Heaven  
Know no one, Ill be waving  
Goodbye, say Heaven  
Know no one, Ill be waving, goodbyeReason to see, everything looks the same  
I dont know if the change made was great  
'Cause the craving remains the sameGoodbye, say Heaven  
Know no one, Ill be waving  
Goodbye, say Heaven  
Know no oneIll be waving  
(Goodbye)  
Ill be waving  
Ill be waving(Goodbye)  
Ill be waving  
Ill be waving(Goodbye)  
Ill be waving  
Ill be waving  
Ill be waving, goodbye
