Make Room!!!!

My Chemical Romance

Make room! Make room!

Down on the coffin there's a coffin or two,

Dead chic, so cool,

The cannibals are starving when they're looking at you.Tank tops, jet stream,

Karate lessons with a killing machine.

White lines, nose bleeds,

I know you get exited when the cameras go

(Ra-ta-ta-ta-ta-ta-ta)Me and you and all of this living dead

Burning up in the sun where the bodies add

Sitting here with you in misery

Anybody gonna come and rescue me?

La la laAlright

Whoa!Make room! Make room!

One day you'll gonna have explaining to do.

Drag star, so cool,

There's only room for one man and the one is you, you, youMe and you and all of these living dead,

Burning up in the sun where the bodies add

Got a taste for cash and androgyny

Anybody wanna come and rescue me?!Alright, oh oh oh oh
