

# Romance In The Dark

**Billie Holiday**

Romance in the dark with you  
All at once I knew  
Darlin' love was near  
I thrill to my finger tips  
I could feel your lips  
Darlin' oh so near  
The music was so entrancing  
The lights all began to fade  
I said to myself keep dancing  
But only my heart obeyed  
A flame grew from just a spark  
When I found romance in the dark with you
