

Shallow

Epidemic

Struggling to explain before you tune me out and turn away so here it is it contradicts and eats away your faith
what do you wish to gain is it worth what you've given up now that you've had enough of all the nerve there's
no return you won't be coming back see through see beyond don't blur the lines I'm not your enemy covering
up the truth you'r devoted to what you assume is expected of you the more we take obliterate this was no
accident you're a lie and cheat on yourself why take a side that's not yours?
