Balmy

Fool's Gold

Release me into the dream of an opposite air
Release me into the dream of an opposite airIt possesses me
It caresses me
It possesses me
It caresses meOh, will I be left over?
Or, will I remain here?Your voice it fills the sea of this alternate earth
Your voice it fills the sea of this alternate earthIt possesses me
It caresses me
It possesses me
It caresses meOh, will I be left over?
Or, will I remain here?
