

I Have Become

Begging Blind

Even in the dark
I can see the light
Even though I can't explain
I feel you in my way I am awake
I am awake Don't tell the angels that they've already won
Leave out a doubt for when they're done
Tell all the angels that I've already won
For I've become I can see the sun
Leaving out the night
Even though you are the one
I know you're not really here You aren't awake
You aren't awake Don't tell the angels that they've already won
Leave out a doubt for when they're done
Tell all the angels that I've already won
For I've become
