Finally

Toni Braxton

I'm used to
Goin' seven whole days and not hearing from him
I'm used to
Him unbreaking my heart then breaking it again
I'm used to
Him never really being, man enough for me
Always talking in his sleep but
Never talkin' 'bout me
Thought it was love
Didn't need all that, hey
Thought it was me
I just couldn't please the man
Just when I thought it wouldn't happen for me
Finally
Finally found someone to trust and
Finally found someone who listens
Took a while but found it finally
Now I'm finally gettin' it like I need it
Shorties tried but couldn't reach it,
Oh, so long but now mine finally, finally
And it's you
You're making me high and I don't wanna come down
And it's you
How many ways do I love you, baby I lost count
And it's you
Since you came I ain't sang another sad love song
I'm finally break-thing again
'Cuz I know, where I belong
It's gotta be love
The way that I'm feelin'
It's gotta be you
That keeps my heart beatin'
When I couldn't see love for me
Finally
Finally found someone to trust and
Finally found someone who listens
Took a while but found it finally
Now I'm finally gettin' it like I need it
Shorties tried but couldn't reach it

Oh, so long but now mine finally, finally, finally
It's almost like I'm dreamin'
My love, like being in a movie starring us
Because of you I'm never going back
I'm where I'm s'posed to be, you made sure that finally
Finally found someone to trust and
Finally found someone who listens
Took a while but found it finally
Now I'm finally gettin' it like I need it
Shorties tried but couldn't reach it
Oh, so long but now mine finally, finally
Finally
Finally
