One x One

Paul Weller

Share your dreams
Give us all the beam we need
Like electric light
In a ballroom scene
Going one x oneShed your chains
To earth like dew and all remain
Forever in another vein
As you slip into another dreamDon't fear not
Not where you tread
Fear only the lies you're fedHead that sign
For all of us who wait in line
Waiting for the words to rhyme
Bringing on a brand new dayDon't fear not
Not where you tread
Fear only the lies you're fedSo dance little dancer
Like you've never danced before
It's just a moment
We're going through
This is the new dance that we do
So sing little brother
And turn on everyone
Lift are spirits high
To a place we need to findShare your dreams
Give us all the beam we need
Like electric light
In a ballroom scene
Going one on oneShed your chains
To earth like dew and all remain
Forever in another vein
Going on one on one
