

# Another One

Conor Maynard

For Once i hit the spot real early,  
quickly spotted this beautiful girly,  
she had me going Damn, Ou lala,  
Said she wanna peel my banana na na na,  
took her to my cabana,  
had to pull her g-string like Santana,  
have a sip of this no manana,  
Next thing i gotta ask do you wanna?

Voulez vous, you know the rest,  
Merci Beaucoup, she said and got undressed,  
i want it all and nothing less,  
roll up in the spot and got the best,  
(once again)

I got another one one one one,  
aint on way im gonna come come come,  
back to the club, to the party,  
i got what i came for,  
you still searchin the floor,  
I got another one one one one,  
aint on way im gonna come come come,  
back to the club, to the party,  
i got what i came for,  
you still lookin for more,

Guys comin out the club empty handed,  
No girl, cursing like God Damn it,  
Went and spent your rent money on nada,  
cant even fix your broke lada,  
My girl trippin in Prada,  
Pass you one cause i got a whole lotta,  
Come over here, let me show,  
how to get it in many nights in a row,

Just say,  
Voulez vous, you know the rest,  
Merci Beaucoup, she said and got undressed,  
i want it all and nothing less,  
roll up in the spot and got the best,

(once again)

I got another one one one one,  
aint on way im gonna come come come,  
back to the club, to the party,  
i got what i came for,  
you still searchin the floor,  
I got another one one one one,  
aint on way im gonna come come come,  
back to the club, to the party,  
i got what i came for,  
you still lookin for more,

Its so hard for me to pick,  
theres so much to choose from,  
All this candy makes me sick,  
but im still gonna have some,  
Monday,  
Tuesday,  
Wednesday,  
Thursday,  
Friday,  
Saturday,  
Sunday,  
All i know is when i saw you girl,

I got another one one one one,  
aint on way im gonna come come come,  
back to the club, to the party,  
i got what i came for,  
you still searchin the floor,  
I got another one one one one,  
aint on way im gonna come come come,  
back to the club, to the party,  
i got what i came for,  
you still lookin for more,

---
