Once and for All

Up Front

you think and guess but you have yet to be right
you looked and searched but I guess you lost your sight
my vision is clear and I can see through you
I guess you'll never know what it means to be trueyou wonder why I refuse to join in
it's really simple man, I just want to live
I tried real hard, I thought you understood
well now you're gonna listen to these wordsthis is it, now it's time, gonna draw the bottom line now!
once and for all - I'm gonna make you see
you can't make me fall - and your ways are not for me
so keep your shit away - and let me live poison free
