Hallelujah

Teddy Geiger

You're the girl in the back of the room
My wallflower that's in bloom
You're so oblivious to this
But I could fall into those eyes
Pretty circles that I try
To escape intoI say, hallelujah, when you look at me
Hallelujah, you're the halo over meWith you everyday is Saturday
With you every word you say is like a song
With you the answers are obvious
Hallelujah, hallelujah, I found youI never thought I'd take that jump
A nervous laugh around someone
I'm sleeping in the palm of your hand
The way you whisper on the phone
I hear your voice when I'm alone
You always understand just who I amHallelujah, your love is free
Hallelujah, you're the halo over me
And you're all I needWith you everyday is Saturday
With you every word you say is like a song
With you the answers are obvious
Hallelujah, hallelujah, I found youThe best things in life are unexpected just like this
Like a billboard in the sky you just can't miss
And I'm never letting this one goWith you everyday is Saturday
With you every word you say is like a song
With you the answers are obvious
Hallelujah, hallelujah, I found you
