

Either Way

[Chris Stapleton](#)

We pass in the hall on our way to separate rooms
The only time we'll ever talk is when the monthly bills are due
We go to work, we go to church
We fake a perfect life
I passed the point of giving a damn
All my tears are cried We can just go on like this
Or say the word, we'll call it quits
Baby, you can go or you can stay
But I wanna love you either way It's been so long since I've felt
Anything inside these walls
You can't heal, you can't hurt?
When you don't feel at all
I used to cry and stay up nights
And wonder what went wrong
It's been hard
But hearts can only do that for so long We can't just go on like this
Say the word, we'll call it quits
Baby, you can go or you can stay
I wanna love you either way
