You

Charli XCX

Yeah we got a situation
Locked down and were trapped in the basement
Im a victim of pro-placement,
Cause you act and sound level
Trying to pull across your statement
Oh, oh
Because I know, you struggle
Choke when you see love growYou, you lied, ha ha ha I was right
All alone, good job,
Good job, you fucked it upBecause we used to be the cool kids
You were old school, I was on the new shit
We were addicted to the blueprint
But we threw it in the flame and now were never gonna trace it
Oh, Because we used to be the cool kids
You were old school, I was on the new shit
We were addicted to the blueprint
But we threw it in the flame and now were never gonna trace it
OhBecause I know, you struggle
Choke when you see love growYou, you lied, ha ha ha I was right
All alone, good job,
Good job, you fucked it upAnd now youre walking on your own
The rain falls down, Im not answering my phone
I got to phase you out my zone,
Hope you realize now that Im never coming home
You were meant to be aloneYou, you lied, ha ha ha I was right
ha ha ha
All alone, good job,
Good job, you fucked it up
ha ha haIts the front
Good job, good job, you fucked it up
