## Warship My Wreck

## **Marilyn Manson**

You're a paper doll I fold you how I want You're not my news I tie these knots If this won't beÂ

Our fingers laid together

This is total war

Method not objectiveCannot say, I'm breaking the rules?

If I can, I'd glue em back together

Cannot say, I'm breaking the rules?

If I can, I'd glue em back together

Cannot say, I'm breaking the rules?

If I can, I'd glue em back together

Back togetherScars on my fingers, bruises by neck

Crashin' my chains, warship my wreck

Scars on my fingers, bruises by neck

Crashin' my chains, warship my wreckScars on my fingers, bruises by neck

Crashin' my chains, warship my wreck

Warship my wreck

Warship my wreckCut the hands off

Then kamikaze into your soul

Kamikaze into your soulScars on my fingers, bruises by neck

Crashin' my chains, warship my wreck, warship my wreck

Scars on my fingers, bruises by neck

Crashin' my chains, warship my wreck, warship my wreckScars on my fingers, bruises by neck

Crashin' my trains, warship my wreck

Cannot say, I'm breaking the rules

If I can glue them back together

Cannot say, I'm breaking the rules

If I can glue them back together

Cannot say, I'm breaking the rules

If I can glue them back together

Cannot say, I'm breaking the rules

If I can glue them back together

Cannot say, I'm breaking the rules

If I can glue them back together

Cannot say, I'm breaking the rules

If I can glue them back together

Cannot say, I'm breaking the rules
