Longest Summer

She Craves

I'd wait for summer and we'd get connected
Had it all figured out until you left and you forgot to mention

Now Iâ€™m alone thinking about you
And it hurts so bad
Iâ€™ve got two long months to sit and think
What we could have had

It's just my luck
It's the longest summer
Yeah it's just my luck
It's the longest summer, ah yeah

I had a dream you took me with you
We were holding hands on the sand, to soak the sun in love, and I kissed you, yeah

But I'm alone in my bedroom trying to figure it out
I've got two long months to sit alone and fill my head with doubt

It's just my luck
It's the longest summer
Yeah it's just my luck
It's the longest summer
The longest summer that I've ever known
The longest summer that I've ever known
The longest summer that I've ever known
Oh won't you just come home?

I'm so tired, more tired than I've ever been
Go away, I'm only sleeping in
I know, I know youâ€™re gonna come for me
But this is turning out to be

I'm so tired, more tired than I've ever been
Go away, I'm only sleeping in
I know, I know you're gonna come for me
But this is turning out to be

The longest summer
The longest summer that I've ever known

The longest summer
Won't you just come home?
The longest summer
The longest summer that I've ever known, ever known, ever know

Oh it seems so bad and I can see it in my head
You'll be lying on the beach holding her hand
Sippinâ€™ lemonade and smiling at her every command
I'll be home, all alone, just waiting by the phone, oh
Won't you just come home?
