

Reverse the Curse

Escape the Fate

Advisory - the following lyrics contain explicit language:

A withered past and a blurry future,
My hearts on an auction,
It goes out to the highest bid. I live too fast, and I know I will lose her,
But there is an option, to die is to live in her head. So I'll hang on, never let go.
I dug this pain into my chest. [Chorus:]
It's dead
One last chance to reverse this curse,
You stole my heart but I had it first.
And now I see you've got something to prove,
And nothing to lose, so let me tell you the truth. A deadly wish but it should've come sooner,
A corpse in a funeral that I would never attend.
There is a light on in the back of this house,
But you're not around, to die is to live in her head. So I'll hang on, never let go.
I dug this pain into my chest. [Chorus:]
It's dead
One last chance to reverse this curse,
You stole my heart but I had it first.
And now I see you've got something to prove,
And nothing to lose so let me tell you the truth. So, this goes, out to, the ones that fall in love,
And to, the girl, that filled my dark. Last night I had the weirdest dream,
That you and I drove off the darkest streets,
Passing through these city lights,
Closure for the kids that died. One last chance to reverse this curse,
You stole my heart but I had it first,
And now I see you've got something to prove,
And nothing to lose so let me tell you the truth.
[x2] So, this goes, out to, the ones that fall in love.
And to, the girl, that filled, my, dark.
