

# My Speed

## Lake Street Dive

Get out of bed  
cuz I swear you'll see the death of me  
confined inside this space  
it's an empty april curse  
in the room under the stairs  
and this waterlogged land  
where I'm the only one on handLet's call a cab  
cuz I swear you'll see the death of me  
we're floating yellow ghosts  
without thoughts and no remorse  
in this room under the stairs  
in this waterlogged land  
where I'm the only one on handI say you're my speed  
just like stayin' in the lines  
and I'm your speed  
just like turpentine and limesTurn off the set  
cuz I swear you'll see the death of me  
it figures that we'd see  
our favorite stars, stage and screen  
in the room under the stairs  
in this waterlogged land  
where I'm the only one on handI see you're my speed  
just like stayin in the lines  
and I'm your speed  
just like turpentine and limes
