

Serpent Sky

JJ72

Seasons don't change
They just glide through my eyes
Like a serpent in the sky
Tempestuous love passing me by singing, ah, ah
Infinity of space
It destroys this special place
Of momentary bliss
It's the thorn in a kiss singing, ah, ah, ah, ah
Sadness and you have become
My perfect two
In a world I divide what is good
And what I do singing, ah, ah, ah, ah
Seasons don't change
They just glide through my eyes
Like a serpent in the sky
Tempestuous love passing me by singing, ah, ah, ah, ah
