

I'll Be There (ft. Jessie Farrell)

Faber Drive

If your lost,
And you need to find some escape
Or some peace of mind,
Call my name
When you need a friend
I'll be there, I'll be there
If your dreams
Are drenched in sweat
You can't sleep
There's too much in your head
Call my name
Any type of day,
I'll be there, I'll be there When you can't carry on,
When the road's way too long
Know that your not alone
I can carry you home
If you hold on tonight
I'll be there (Da, da, da, da) If you give,
Till you've got nothing left,
Wanted more,
But you end up with less,
All your friends,
Have turned away
But I'll be there, I'll be there When you can't carry on,
When the road's way too long
Know that you're not alone
I can carry you home
If you hold on tonight
If you hold on tonight The weight of the world is too much to take
Pulling you down like a tidal wave
I can hold you, I will hold you
Here and now If your lost and you need to find some escape,
Or some peace in mind, yeah When you can't carry on,
When the road's way too long
Know that you're not alone
I can carry you home
If you hold on tonight
When you can't carry on
When the road's way too long

Know that you're not alone,
I can carry you home
If you hold on tonight,
I'll be there When the world seems wrong
When you've come undone
No, you're not alone
I'll be there for you
When the world seems wrong
When you've come undone
No, you're not alone
You know I'll be there, (Da, da)
