Lovher

Girls gonna do
What a girls gonna do
Sometimes you gotta put him on hold
Find her someone new
Tell a couple lies
Ooh, ooh, ooh
Girls gonna do
What sa girls gonna do
Sometimes you gotta sneak up out the crib
Leave them with the kids
Tell a couple lies
Niggas do it all the timeYes I've been lying to my man
Telling him I went out with my girls
Knowin' I've been over your house and
I was supposed to be back in 30 minutes
Know he's probably timin' me
Wonderin' what';s been keepin' me
Thinkin' bout checkin in
But he don't check in with me no
See that's how most men get
So if he ain't feelin' it
He just goin' have to deal with it
When a...Girls gonna do
What a girls gonna do
Sometimes you gotta put him on hold
Find her someone new
Tell a couple lies
Ooh, ooh, ooh
Girls gonna do
What sa girls gonna do
Sometimes you gotta sneak up out the crib
Leave them with the kids
Tell a couple lies
Niggas do it all the timeYes I've been workin' overtime
Just to home late
Seein' you meet you at the spot
You know how we do
I don't wanna leave a trace
That you've been with me

So if I don't go do it to him
Then he probably gonna do it to me
What's the use in being faithful
When you get what you paid for
And he aint got no papers on me
So until I see your ring
I'm a do my thing
And not feel guilty
(for years)
Girl been puttin' up with this
(all these)
All these niggas bullshit
