Don't Play With Me

Big Ed

[c-murder]
I mean mug fake niggas that be testin' my presence
So duck and run, young nigga, 187 ya fellows
Friend or foe, you'se hoe, so dry ya eyes I'm bustin'
I told these bitches I'm thuggin', them ghetto niggas they love me
C-p-3 to h-0-v I feel no pain for real
I got the status of a motherfucker hard to kill
I walk a block and watch them fools just step to the side
It's open wide in my city cause these niggas be shootin'
Like vietnam, them niggas get the one time
I put ya crack on a block, I ain't hard to find
A million dollars is my dream 'til I'm dead and gone
Watch me relive my life through my songs, ya feeling me?Chorus [big ed]Don't play with me brah (bitch who you playing with?]
