

# No woman no cry

## Bossa n' Marley

No woman no cry  
No woman no cry  
No woman no cry  
No woman no cry  
Cause I remember when we used to sit  
    In a government yard in trenchtown  
        Observing the hypocrites  
    Mingle with the good people we meet  
        Good friends we have, now  
        Good friends we have lost  
            Along the way  
            In this great future,  
    You can't forget your past  
        So dry your tears, I say  
            No woman no cry  
            No woman no cry  
    Oh little darling, don't shed no tears  
        No woman no cry  
Cause I remember when we used to sit  
    In the government yard in trenchtown  
    When Georgie would make the fire lights  
I say, log would burnin' through the nights  
    Then we would cook cornmeal porridge  
        Of which I'll share with you  
        My feet is my only carriage  
        So I've got to push on thru,  
            And while I'm gone  
        Everything 's gonna be alright  
        Everything 's gonna be alright  
        Everything 's gonna be alright now  
        Everything 's gonna be alright  
        Everything 's gonna be alright now  
        Everything 's gonna be alright  
            No woman no cry  
            No woman no cry  
            No woman no cry  
            No woman no cry  
            No woman no cry

Oh little darlin' don't shed no tears  
No woman no cry  
Oh little darlin' don't shed no tears  
No woman no cry  
Said I re, said I re, Said I remember  
No woman no cry  
You and I and you and I and you and I  
No woman no cry  
Cause I remember when we used to sit there  
No woman no cry  
In a government yard  
No woman no cry  
No woman no cry  
No woman no cry, yeah  
No woman no cry  
No woman no cry (you sweet darling)  
No woman no cry  
No woman no cry, yeah  
No woman no cry  
No woman no cry, yeah  
No woman no cry  
No woman no cry
