

# Bigger

## Local H

The big hollywood movie  
You don't mean nothing to me  
Big grand gesture  
You don't mean nothing to me (x3)  
Yeah  
Yeah  
How can you say that bigger is better  
When I've seen everything before  
Yeah  
Yeah  
How can you say that bigger is better  
When I've seen everything before  
Big shot  
Big star  
You don't mean nothing to me  
Big shot  
  
Big star  
You don't mean nothing  
You don't mean nothing  
You don't mean nothing to me  
Yeah  
Yeah  
How can you say that bigger is better  
When I've seen everything before?  
Yeah  
Yeah  
How can you say that bigger is better  
When I've seen everything before?  
How can you say that bigger is better  
How can you say that bigger is better  
And how can you say that bigger is better  
When I've seen everything before
