Sweet Pain

Kiss

Ahh
My leathers fit tight around me
Whip is always beside me
You want the same thing everyday
I'll teach you love a different way
You'll learn to love me
And my sweet pain
My love will drive you insane
Sweet pain
My love will drive you insane
And pain has got its reason
And if you don't stop your teasin', baby
I'm gonna show you now
You'll get your lovin' anyhow, anyhow
And you'll get to love me
And my sweet pain
My love will drive you insane
Ahh, sweet pain
My love will drive you insane
Ahh, you got to love me any way I say
Ahh, you got to love me and my sweet pain
Ahh
Oh
Pain has got it's reason
You find it pleasin', yes you do, yes you do
And I'm gonna show you now
You'll get to love it anyhow, anyhow and
You'll get to love me
And my sweet pain
My love will drive you insane
Ahh, sweet pain
My love will drive you insane
Sweet pain
My love will drive you insane
Sweet pain
My love will drive you insane
Ahh, sweet pain
(Sweet pain)
My love will drive you insane

Sweet pain
(Sweet pain)
My love will drive you insane
Sweet pain
(Sweet pain)
My love will drive you insane
Sweet pain
(Sweet pain)
My love will drive you insane
