

# Keep Forgetting (To Forget About You)

JoJo

Na, Na, Noo

Mmmm

Yeah, Yeah

Thinking back when we got together  
In our hearts we were saying forever  
So in love, boy we were so in love, mmm  
Jealous ones only wanted us to be broke up  
And when you looked into my eyes I should of spoke up  
And held you near, now i'm alone and here  
it comes again  
Cause I remember every word that you said  
It all just keeps spinning around in my head  
But it don't matter what I try to do  
I keep on forgetting to forget about you  
And I don't want to think about you baby so much  
All the things we did and all the way that we touched  
Just when I think about someone new  
I keep on forgetting to forget about you  
Forget about you, forget about  
so turn around and forget it, forget about you  
Forget about me and you  
I would be crazy to say that we were perfect  
And sometimes I was wondering if it was worth it  
But now I see, how good you were for me.  
And everytime I drive by your apartment  
I get this overwhelming urge to walk in  
And see your face and to be in that place all over again  
Cause I remember every word that you said  
It all just keeps spinning around in my head  
But it don't matter what I try to do  
I keep on forgetting to forget about you  
And I don't want to think about you baby so much  
All the things we did and all the way that we touched  
Just when I think about someone new  
I keep on forgetting to forget about you  
Forget about you, forget about  
so turn around and forget, forget about you  
Forget about me and you  
The way we laughed, the way we kissed

I never thought that I would miss  
All the things I used to complain about you  
The football games, the hometown friends  
I'm just glad to see it end  
But tell me why I feel so alone without you?  
Ooo oh, Oooh, Yeah,  
Here it comes again  
Cause I remember every word that you said  
It all just keeps spinning around in my head  
But it don't matter what I try to do  
I keep on forgetting to forget about you  
And I don't want to think about you baby so much  
(I don't want to think about you baby so much)  
All the things we did and all the way that we touched (we touched)  
Just when I think about someone new (new)  
I keep on forgetting to forget about you  
(I keep on forgetting to forget about you)  
Cause I remember every word that you said  
It all just keeps spinning around in my head (head)  
But it don't matter what I try to do  
I keep on forgetting to forget about you  
(I keep on forgetting to forget about you)  
Forget about you, forget about  
so turn around and forget, forget about you  
Forget about me and you  
Noo, Oh,  
Yeah,  
Forget about you
