

# Only a Smile

## The Paragons

You and your smiling face  
Doesn't mean a thing to me  
Any man will pick you up  
Just because of that smile you've got  
But after knowing you  
As much as I  
He's gonna leave you  
Just like I did  
The smile you were smiling dear  
Did excite me so much  
That I had a feeling  
I never had before  
But after knowing you  
I had to run  
Because it's only  
A smile you've got  
The smile you were smiling dear  
Did excite me so much  
That I had a feeling  
I never had before  
But after knowing you  
I had to run  
Because it's only  
A smile you've got  
Because it's only  
A smile you've got
